SURRENDER AND DISCOVER THE ABUNDANT LIFE BOOK

Our President/Founder, Louise Y Allard, has written a book about her experiences in Africa: SURRENDER and Discover the Abundant Life. Available on https://www.amazon.com or ttps://www.barnesandnobles.com under the full title. Follow the author on her journeys through Congo, Kenya, and Uganda and discover how God gave new meaning to her life after a painful divorce. Her continued surrender to God's renewed purposes led her to experience exciting and fulfilling adventures over the last twenty years. God has led her to share her administrative skills to improve health care in Uganda and provide life-affirming services to distressed pregnant mothers. Louise has a background in nursing, human rights, natural family planning, and philanthropy.
